# National Natural Landmarks Program 2010 Photo Contest

The National Park Service is proud to announce the 7th Annual National Natural Landmarks Photo Contest. We are seeking photos that display the aesthetic, scientific and educational value of the nearly 600 designated National Natural Landmarks nationwide. The winning photos will be compiled into a 2011 calendar, showcasing the beauty and diversity of our nation's natural heritage. **Entries will be accepted until June 30, 2010.** For more details please visit [www.nature.nps.gov/nnl/photocontest](http://www.nature.nps.gov/nnl/photocontest) or email any questions to [NNLphotocontest@nps.gov](mailto:NNLphotocontest@nps.gov).

The National Natural Landmarks Program encourages the conservation of outstanding examples of our country's natural history. It is the only natural areas program of national scope to recognize the best examples of biological and geological features in both public and private ownership. The National Park Service administers the program and supports Natural Landmark owners and managers in their conservation efforts.
